

MEDICAL EQUIPMENT TRADING & SUPPLY

Medical Equipment & Healthcare Supplies

Connecting healthcare purchasing teams with manufacturers and verified suppliers. We assist hospitals, clinics, laboratories and diagnostic centres with complete equipment portfolios, technical documentation and direct export quotations.

CORE EQUIPMENT & SUPPLY DIVISIONS

Operating Theatre & Surgery

Surgical tables, shadowless lights, anesthesia workstations, electrosurgical units & stainless instruments.

Diagnostic Equipment & Imaging

Color Doppler ultrasound, multi-parameter bedside patient monitors, 12-channel ECG & diagnostic devices.

Hospital Ward & Patient Care

Electric ICU beds, birthing suites, examination tables, medical carts, wheelchairs & mobility aids.

Laboratory & Medical Consumables

Centrifuges, microscopes, sterile wound dressings, bandages, gauze, syringes, IV sets & PPE.

DIRECT COMMERCIAL SOURCING & EXPORT

Share your required product specifications, quantities and delivery destination. Our commercial team in Istanbul reviews manufacturer stock, verifies technical papers and prepares clear formal quotations.

- Manufacturer Verification
- Export Documentation
- Global Logistics

Understanding your needs. Supporting better care.

Based in Kagithane, Istanbul, NORTH LAB Medikal Sanayi Dış Ticaret is a medical equipment trading company serving hospitals, clinics, laboratories and diagnostic centres.

We connect purchasing teams with manufacturers and suppliers, helping them review product options for everyday requirements and larger facility orders.

Share your product list, quantities and destination. We review available options, documentation and lead times before preparing a clear quotation.

Hospital Furniture

Explore hospital furniture for wards, examination rooms and treatment areas. Share the required dimensions, adjustment functions, materials, accessories and quantity for a tailored offer.

IV Stand with 4 Hooks

IV stand with four hooks.

Hooks: 4

Features: 4 hooks • On wheels

Use: Wards

Multi Functional Patient Turning Device

Patient turning device.

Features: Turning aid

Use: Wards, Nursing homes

4 Motors Hospital Patient Bed

Hospital bed with four motors.

Motors: 4

Features: 4 motors

Use: Wards

Hospital Furniture (Continued)

Explore hospital furniture for wards, examination rooms and treatment areas. Share the required dimensions, adjustment functions, materials, accessories and quantity for a tailored offer.

Multi-Height Manual Patient Bed

Manual patient bed, height adjustable.

Features: Manual height

Use: Wards, Clinics

ABS Double Crank Bed

ABS double-crank bed.

Features: Two cranks • ABS ends

Use: Wards

Examination Bed

Simple examination couch.

Features: Exam couch

Use: Clinics

Hospital Furniture (Continued)

Explore hospital furniture for wards, examination rooms and treatment areas. Share the required dimensions, adjustment functions, materials, accessories and quantity for a tailored offer.

Examination Bed with Back Rest

Examination bed with adjustable backrest.

Features: Adjustable back

Use: Clinics

Electric Birthing Bed HL-B210B

HL-B210B electric birthing bed for delivery rooms, gynaecological examination and postpartum recovery, with electric height, backrest and...

Model: HL-B210B

Platform size: 1950 × 930 mm

Features: Electric height 690–900 mm, backrest 0–70° and Trendelenburg ±10° • Hand remote control • Safe working load 200 kg

Use: Hospital delivery rooms, Gynaecological examination and diagnosis, Maternity hospitals and perinatal centres

Thalassemia Chair / Examination Couch HL-A240C

HL-A240C thalassemia chair and examination couch with a reclining backrest, adjustable leg support and locking castors.

Model: HL-A240C

Frame: 16-gauge stainless-steel tubing, polished

Features: 16-gauge stainless-steel frame • Backrest 0–85° and leg support -90° to 0° • Locking 5-inch castors

Use: Thalassemia and infusion day-care, Examination rooms, Obstetrics and gynaecology

Hospital Furniture (Continued)

Explore hospital furniture for wards, examination rooms and treatment areas. Share the required dimensions, adjustment functions, materials, accessories and quantity for a tailored offer.

Medical Antidecubitus Mattress with Air Pump

Alternating-pressure mattress with pump.

Features: Air pump included

Use: Wards, Home care

Nursing Trolley

Nursing trolley.

Features: Ward trolley

Use: Wards

Emergency Trolley

Emergency / crash trolley.

Features: Crash cart style

Use: Emergency

Hospital Furniture (Continued)

Explore hospital furniture for wards, examination rooms and treatment areas. Share the required dimensions, adjustment functions, materials, accessories and quantity for a tailored offer.

Treatment Trolley with One Drawer

Treatment trolley with one drawer.

Features: One drawer

Use: Clinics, Wards

Anaesthetic Trolley

Anaesthetic trolley.

Features: Anaesthesia trolley

Use: Theatre

Instrument Trolley

Instrument trolley.

Features: Instrument shelves

Use: Theatre, Clinics

Hospital Furniture (Continued)

Explore hospital furniture for wards, examination rooms and treatment areas. Share the required dimensions, adjustment functions, materials, accessories and quantity for a tailored offer.

Stainless Steel Detachable Three Layer Treatment Trolley

Three-layer stainless treatment trolley, detachable shelves.

Features: Three layers • Stainless

Use: Theatre, Wards

Instrument Cabinet

Instrument cabinet with glass doors.

Features: Glass cabinet

Use: Theatre, Clinics

Folding Screen 4 Folds

Four-fold ward screen.

Features: 4 folds

Use: Wards

Hospital Furniture (Continued)

Explore hospital furniture for wards, examination rooms and treatment areas. Share the required dimensions, adjustment functions, materials, accessories and quantity for a tailored offer.

Folding Screen 3 Folds

Three-fold ward screen.

Features: 3 folds

Use: Wards, Clinics

Adjustable Over Bed Rolling Table

Over-bed table on wheels.

Features: Height adjustable • Castors

Use: Wards

Surgical & OR Equipment

Explore operating-room equipment, examination lights, stainless-steel trays and reusable instrument sets. Include the required model, configuration, accessories and documentation in your...

Wooden Tongue Depressor

Wooden tongue depressors, 6 inch, 100 pcs pack.

Length: 6 inch
Pack: 100 pcs

Features: 6 inch • 100 pcs box

Use: Clinics, Wards

Surgical Suture Practice Skin Pad Sets

Practice skin pad sets for suture training.

Features: Reusable practice pads • Training kits

Use: Skills labs, Teaching hospitals

Cataract Micro-Instrument Set - 21 Pieces

Reusable 21-piece cataract micro instrument set.

Pieces: 21

Features: 21 pieces • Reusable • Cased set

Use: Ophthalmology, Theatre

Surgical & OR Equipment (Continued)

Explore operating-room equipment, examination lights, stainless-steel trays and reusable instrument sets. Include the required model, configuration, accessories and documentation in your...

Hysteroscopy Instrument Set

Hysteroscopy / gynecology instrument set.

Features: Hysteroscopy tray • Gynecology set

Use: Gynecology, Theatre

Gynaecological Morcellator Instrument Set

Gynecology set with uterus-cutting morcellator.

Features: Morcellator • Gynecology instruments

Use: Gynecology, Theatre

Cup-Type Uterine Manipulator Set

Cup-type uterine manipulator set for gynecology.

Features: Cup-type manipulator • Gynecology set

Use: Gynecology, Theatre

Surgical & OR Equipment (Continued)

Explore operating-room equipment, examination lights, stainless-steel trays and reusable instrument sets. Include the required model, configuration, accessories and documentation in your...

AMSCO-3085 SP Surgical Table

AMSCO 3085 SP surgical table (or equivalent we can source).

Features: Operating table

Use: Theatre

Ceiling LED Surgical Light WYLED 700/500M

Ceiling LED surgical light WYLED 700/500M.

Model: WYLED 700/500M

Mount: Ceiling

Features: Ceiling mount • WYLED 700/500M

Use: Theatre

Dual Ceiling Surgical Shadowless Lights

Dual-head ceiling LED surgical lights with petal lamp heads, as photographed.

Type: Dual-head LED surgical light

Mount: Ceiling

Features: Dual ceiling heads • LED shadowless light • Articulated arms

Use: Operating theatres, Day surgery

Surgical & OR Equipment (Continued)

Explore operating-room equipment, examination lights, stainless-steel trays and reusable instrument sets. Include the required model, configuration, accessories and documentation in your...

Examination Lamps

Examination lamps for clinic rooms.

Features: Exam light

Use: Clinics

Medical Examination LED Lamp

Mobile LED examination lamp on a stand.

Light: LED
Mount: Mobile stand

Features: LED • Mobile stand • Gooseneck

Use: Clinics, Treatment rooms

Medical Examination Table Lamp (LED)

Mobile articulated LED examination table lamp.

Light: LED
Mount: Mobile articulated

Features: LED • Articulated head • Mobile stand

Use: Treatment rooms, Minor procedures

Surgical & OR Equipment (Continued)

Explore operating-room equipment, examination lights, stainless-steel trays and reusable instrument sets. Include the required model, configuration, accessories and documentation in your...

Portable Sterile Instrument Tray Set (Stainless Steel)

Stainless instrument tray with lid.

Material: Stainless steel

Features: Stainless steel • Lid

Use: Theatre, Clinics, CSSD

Medical Anesthesia Laryngoscope Blade Set (Macintosh)

Macintosh laryngoscope blade set.

Blade: Macintosh

Features: Macintosh blades • Cased set

Use: Anaesthesia, Emergency

Comen ARK-7 Anesthesia Workstation with Ventilator

Comen ARK-7 anesthesia workstation with an integrated ventilator for operating-room use.

Model: ARK-7

Type: Anesthesia workstation with ventilator

Features: Anesthesia workstation • Integrated ventilator • Theatre trolley layout

Use: Operating theatres, Day surgery, Anaesthesia departments

Surgical & OR Equipment (Continued)

Explore operating-room equipment, examination lights, stainless-steel trays and reusable instrument sets. Include the required model, configuration, accessories and documentation in your...

HRD Anesthesia Workstation with Ventilator

HRD trolley anesthesia workstation with flowmeters, vaporizers and an integrated ventilator.

Type: Theatre anesthesia trolley with ventilator
Typical layout: Flowmeters, two vaporizers, absorber circuit (confirm on quote)

Features: Theatre trolley workstation • Integrated ventilator • Vaporizers and flowmeters as photographed

Use: Operating theatres, Anaesthesia departments, Day surgery

AJ-2208 ICU Ventilator with Air Compressor

AJ-2208 ICU ventilator with a built-in air compressor for wards that do not rely on wall air.

Model: AJ-2208
Type: ICU ventilator with built-in air compressor

Features: ICU ventilator • Built-in air compressor • Trolley-mounted

Use: ICU, Recovery, Emergency

Medical Suture Removal Kit (Complete)

Complete suture-removal kit as listed.

Features: Stainless instruments • Complete kit as listed

Use: Wards, Clinics, Theatre

Surgical & OR Equipment (Continued)

Explore operating-room equipment, examination lights, stainless-steel trays and reusable instrument sets. Include the required model, configuration, accessories and documentation in your...

Shadowless Operating LED Cold Light

Shadowless LED operating light.

Features: LED, low heat

Use: Theatre

Orthopedics Tractor Rack

Orthopedic traction rack.

Features: Traction rack

Use: Orthopedics

Electric Operating Table

Electric operating table.

Features: Electric table

Use: Theatre

Diagnostic Equipment

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

Ultrasound System

Ultrasound system. Model confirmed on quotation.

Features: Diagnostic ultrasound

Use: Radiology, Clinics

Diagnostic Ultrasound System

Diagnostic ultrasound unit.

Features: B/W or colour — confirm model

Use: Outpatient, Hospital

Portable Ultrasound Scanner (B/W Type)

Portable black-and-white ultrasound scanner.

Type: Portable, B/W

Features: Portable • B/W

Use: Clinics, Wards, Field use

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

Handheld Fetal Doppler

Handheld fetal Doppler for heart-rate listening.

Type: Handheld

Features: Handheld • Fetal heart rate

Use: Antenatal clinics, Maternity

Diagnostic Ultrasound System DP20 Convex Transducer

DP20 convex transducer.

Probe: Convex

Fits: DP20 (confirm on enquiry)

Features: Convex probe • DP20

Use: Ultrasound rooms

Linear Transducer for DP10 and DP20

Linear transducer for DP10 and DP20.

Probe: Linear

Fits: DP10 / DP20 (confirm on enquiry)

Features: Linear probe • DP10 / DP20

Use: Ultrasound rooms

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

Ultrasound Printer

Ultrasound printer.

Features: Video printer

Use: Ultrasound rooms

Ultrasound Printer – Black and White

Black-and-white ultrasound printer.

Features: Black and white

Use: Ultrasound rooms

Ultrasound Printer – Multifunction Diagnostic

Multifunction diagnostic film printer for ultrasound and other stills.

Features: Multifunction film • Colour and greyscale inks

Use: Ultrasound rooms, Imaging

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

Trolley for Mindray Ultrasound

Trolley for Mindray ultrasound.

Features: Mindray-fit trolley

Use: Ultrasound rooms

HB112 Cardiac 4D Color Doppler Echocardiography Echo Machine

HB112 cardiac colour Doppler / echo machine.

Model: HB112

Features: Cardiac echo • HB112

Use: Cardiology

SonoScape P15 Diagnostic Ultrasound System

Cart-based SonoScape P15 colour Doppler ultrasound for shared-service imaging.

Model: P15

Type: Cart-based colour Doppler

Features: Cart-based colour Doppler • Shared-service imaging • Probe set confirmed per enquiry

Use: Radiology, Outpatient ultrasound, Maternity

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

SonoScape P20 Diagnostic Ultrasound System

SonoScape P20 cart ultrasound for clearer colour Doppler and a broader probe range.

Model: P20

Type: Cart-based colour Doppler

Features: Higher-spec cart system • Colour Doppler • Configurable transducers

Use: Hospitals, Imaging centres, Specialist clinics

SonoScape S60 Diagnostic Ultrasound System

SonoScape S60 high-end cart ultrasound for departments that need a wider imaging toolbox.

Model: S60

Type: High-end cart-based colour Doppler

Features: High-end cart platform • Colour Doppler • Application packages on request

Use: Hospital ultrasound, Women's health, Vascular imaging

Mindray Consona N6 Ultrasound System

Mindray Consona N6 cart ultrasound for general and women's-health scanning.

Model: Consona N6

Type: Cart-based diagnostic ultrasound

Features: Mindray Consona N6 • Cart-based diagnostic ultrasound • Transducers quoted to requirement

Use: Maternity, General ultrasound, Clinics

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

Edan Acclarix LX3 VET Diagnostic Ultrasound System

Edan Acclarix LX3 VET colour Doppler ultrasound for veterinary diagnostic imaging.

Model: Acclarix LX3 VET
Intended use: Veterinary diagnostic imaging

Features: Veterinary system • Colour Doppler cart • Animal-oriented presets

Use: Veterinary clinics, Mixed animal practice, Teaching labs

X-Ray System

X-ray system. Room layout needed for a serious quote.

Features: Radiography system

Use: Radiology

MRI Scanner

Closed-bore MRI scanner with a motorised patient table, as photographed.

Type: Closed-bore MRI with motorised table
Field strength: Confirm on quotation

Features: Closed-bore MRI • Motorised patient table • Site installation required

Use: Radiology, Hospitals, Diagnostic centres

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

Mobile C-arm X-ray System

Mobile C-arm X-ray system with a dual-monitor workstation trolley, as photographed.

Type: Mobile C-arm with dual-monitor trolley
Use: Fluoroscopy / theatre imaging

Features: Mobile C-arm • Dual-monitor trolley • Theatre and procedure-room imaging

Use: Operating theatres, Orthopaedics, Pain clinics

X-501 X-Ray Observation Lamp, Triple Screen

X-501 triple-screen film viewer.

Model: X-501
Screens: Triple

Features: Three screens • X-501

Use: Radiology

X-Ray Observation Lamp, Single Screen

Single-screen X-ray film viewer.

Features: One screen

Use: Clinics, Radiology

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

UA-1020 Upper Arm Blood Pressure Monitor with AFib Screening and TriCheck

UA-1020 upper-arm BP monitor with AFib / TriCheck features as listed.

Model: UA-1020
Type: Upper arm

Features: Upper arm • UA-1020

Use: Clinics, Wards

Digital Patient Monitor (12-inch Bedside Type)

12-inch bedside patient monitor.

Screen: 12 inch
Type: Bedside

Features: 12-inch display • Bedside type

Use: Wards, ICU, Recovery

3-Channel Portable ECG Machine

Portable 3-channel ECG machine.

Channels: 3
Type: Portable

Features: 3 channels • Portable

Use: Clinics, Wards, Outpatient

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

Infrared Forehead Thermometer (Non-Contact)

Non-contact infrared forehead thermometer.

Type: Non-contact forehead

Features: Non-contact • Forehead IR

Use: Clinics, Wards, Screening

Digital Infant Weighing Scale

Digital scale for weighing infants.

Capacity: 20 kg (confirm on enquiry)
Division: 5 g (as marked)

Features: Infant tray • Digital readout

Use: Maternity, Pediatrics, Clinics

Adult Weighing Scale with Height Rod (Digital)

Digital adult scale with a height rod.

Type: Adult, digital
Height rod: Included

Features: Digital readout • Height rod

Use: Clinics, Wards, OPD

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

LED ENT Diagnostic Headlight

LED headlight for ENT examination.

Light: LED
Type: Headlight

Features: LED • Head-worn

Use: ENT, Clinics

Digital Glucometer Kit

Digital blood-glucose meter kit.

Features: Digital meter • Kit

Use: Clinics, Home care

Adult Stethoscope

Adult dual-head stethoscope.

Type: Adult, dual head

Features: Adult • Dual head

Use: Clinics, Wards, GP

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

Otoscope Set (LED)

LED otoscope set in a hard case.

Light: LED
Type: Set in case

Features: LED • Cased set

Use: ENT, GP, Clinics

Ophthalmoscope Set (LED)

LED ophthalmoscope set in a case.

Light: LED
Type: Set in case

Features: LED • Cased set

Use: Ophthalmology, GP, Clinics

Ophthalmic Trial Frame (Adjustable)

Adjustable ophthalmic trial frame.

Type: Adjustable trial frame
Features: Adjustable • Trial frame
Use: Optometry, Ophthalmology

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

Digital Pulse Rate & BP Kiosk (Basic)

Basic arm-in kiosk for BP and pulse.

Type: Arm-in kiosk

Features: Arm-in kiosk • BP and pulse

Use: Waiting rooms, Clinics, Pharmacies

ENT Diagnostic Speculum Tips (Assorted)

Assorted ENT diagnostic speculum tips.

Type: Assorted tips

Features: Assorted sizes • Otoscope tips

Use: ENT, Clinics

ENT Nasal Speculum Set (Stainless Steel)

Stainless steel nasal speculum set.

Material: Stainless steel

Features: Stainless steel • Set of three

Use: ENT, Clinics

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

ENT Headband Mirror (Stainless Steel)

ENT headband with stainless mirror.

Type: Headband mirror

Features: Headband • Central sight hole

Use: ENT, Clinics

ENT Nasal Dressing Forceps (Stainless Steel)

Stainless nasal dressing forceps.

Material: Stainless steel

Features: Stainless steel • Angled

Use: ENT, Clinics

ENT Diagnostic Otoscope Head (Spare)

Spare ENT diagnostic otoscope head.

Type: Spare head

Features: Spare head • LED (as photographed)

Use: ENT, Clinics

Diagnostic Equipment (Continued)

Explore diagnostic equipment and accessories for hospitals, clinics and diagnostic centres. Tell us the intended setting, required functions, preferred model and accessories so we can...

ENT Tongue Depressor Holder (Stainless Steel)

Stainless ENT tongue-depressor holder.

Material: Stainless steel

Features: Stainless steel • Holder

Use: ENT, Clinics

Medical Reflex Hammer (Metal)

Metal reflex hammer with rubber head.

Type: Metal handle

Features: Metal handle • Rubber head

Use: Neurology, GP, Clinics

Laboratory Equipment

Explore equipment for clinical and research laboratory workflows. Share the required model, capacity, operating range, voltage, accessories and destination for a clear quotation.

SH100 Automated Urine Chemistry Analyzer Machine

SH100 urine chemistry analyzer.

Model: SH100

Features: SH100 • Urine chemistry

Use: Laboratories

Electric Suction Machine – Double Piston Pump

Electric suction, double piston pump.

Features: Double piston

Use: Theatre, Wards

Centrifuge 4000 rpm 6x20 ml

Benchtop centrifuge, 4000 rpm, 6 × 20 ml.

Speed: 4000 rpm

Rotor: 6 × 20 ml

Features: 4000 rpm • 6 × 20 ml

Use: Laboratories

Laboratory Equipment (Continued)

Explore equipment for clinical and research laboratory workflows. Share the required model, capacity, operating range, voltage, accessories and destination for a clear quotation.

LMC-4000 Low Speed Benchtop Centrifuge 0–4000 rpm

LMC-4000 low-speed centrifuge, 0–4000 rpm.

Model: LMC-4000
Speed: 0–4000 rpm

Features: LMC-4000 • 0–4000 rpm

Use: Laboratories

DL-158 Laboratory Plus 158 Liter Bluetooth Freestanding Fridge

DL-158 lab fridge, 158 L, freestanding.

Model: DL-158
Capacity: 158 L

Features: 158 L • Freestanding

Use: Laboratories

Olympus CX23 Binocular Microscope

Olympus CX23 binocular LED microscope for teaching and routine laboratory work.

Model: CX23
Type: Binocular, LED

Features: Binocular CX23 • LED illumination • Plan achromat objectives on request

Use: Clinical laboratories, Teaching labs, Sample review

Dental Equipment

Explore equipment and instruments for dental settings, including amalgamators, caries detector lights, obturation systems, protective shields and composite instruments. Model details and...

Dental Amalgamator Mixer (Capsule Type)

Capsule-type dental amalgamator, YG-100 as marked.

Model: YG-100
Type: Capsule

Features: Capsule type • YG-100 • Timed mix

Use: Dental clinics

Dental Caries Detector Light (LED)

LED dental caries detector light.

Light: LED

Features: LED • Handheld

Use: Dental clinics

Dental Endo Obturation System (Heat Pen)

Endodontic obturation heat pen.

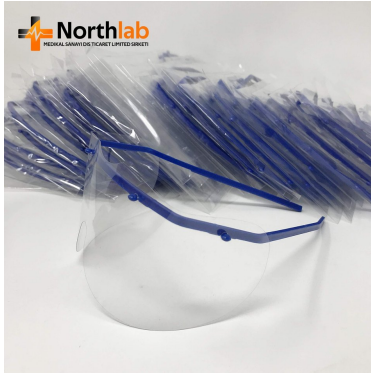

Type: Heat pen

Features: Heat pen • Spare tips

Use: Endodontics

Dental Equipment (Continued)

Explore equipment and instruments for dental settings, including amalgamators, caries detector lights, obturation systems, protective shields and composite instruments. Model details and...

Dental Protective Shield Set

Dental face-shield set, spectacle frame.

Features: Clear visor • Spectacle frame

Use: Dental clinics

Dental Composite Placement Instrument Set

Composite placement instrument set.

Features: Instrument set • Composite placement

Use: Dental clinics

Mobility & Patient Care

Explore mobility and patient-support products for healthcare, rehabilitation and home-care settings. Available models, dimensions, weight capacities and accessories are confirmed with...

Manual Wheelchair

Manual wheelchair.

Features: Self-propel or attendant — confirm

Use: Wards, Home

Electric Wheelchair MK-6004

Electric wheelchair MK-6004.

Model: MK-6004

Features: MK-6004

Use: Home, Outpatient

Electric Wheelchair MK-6002A

Electric wheelchair MK-6002A.

Model: MK-6002A

Features: MK-6002A

Use: Home

Mobility & Patient Care (Continued)

Explore mobility and patient-support products for healthcare, rehabilitation and home-care settings. Available models, dimensions, weight capacities and accessories are confirmed with...

Caterwil Ultra 4WD PRO All-Wheel Drive Electric Wheelchair

Caterwil Ultra 4WD PRO all-wheel drive electric wheelchair for indoor use, outdoor ground and stair climbing.

Model: Ultra 4WD PRO

Type: All-wheel drive stair-climbing electric wheelchair

Features: All-wheel drive • Stair-climbing layout • Indoor and outdoor use

Use: Rehabilitation, Home care, Outdoor mobility

Aluminum Walker with Wheels

Aluminium walker with wheels.

Features: Aluminium • Wheeled

Use: Rehab, Home

Aluminum Crutch

Aluminium underarm crutch.

Features: Aluminium • Adjustable

Use: Orthopedics, Home

Mobility & Patient Care (Continued)

Explore mobility and patient-support products for healthcare, rehabilitation and home-care settings. Available models, dimensions, weight capacities and accessories are confirmed with...

Walking Stick with Four Legs

Quad cane, four legs.

Features: Quad base

Use: Home, Rehab

Elbow Crutch

Elbow (forearm) crutch.

Features: Forearm cuff

Use: Rehab, Orthopedics

Physiotherapy Hand Exercise Grip Set

Hand and finger exercise grip set.

Features: Grip set • Finger and hand

Use: Physiotherapy, Rehab

Bandage Series

Explore bandages for dressing retention, light support, first aid and orthopaedic care. Available widths, roll lengths, materials and packaging are confirmed with your enquiry.

PBT Bandage

Elastic PBT bandage in common ward widths.

Sizes: 5 cm × 4 m, 7.5 cm × 4 m, 10 cm × 4 m
Key points: Elastic PBT • Several widths × 4 m
Setting: Wards, First aid

Conforming Bandage

Soft conforming bandage that follows the limb.

Key points: Conforms to the limb • Used over dressings
Setting: Clinics, Wards

Cotton Crepe Bandage

Cotton crepe bandage, 4.5 m length.

Sizes: 5 cm × 4.5 m, 7.5 cm × 4.5 m, 10 cm × 4.5 m
Key points: Cotton crepe • 4.5 m length
Setting: Outpatient, Wards

Non-Woven Self-Adhesive Bandage

Self-adhesive non-woven bandage. Sticks to itself, not to hair or skin in the usual way.

Key points: Self-adhesive / cohesive • Non-woven
Setting: First aid, Sports rooms

Ice Bandage

Ice bandage for cold wrapping.

Key points: Cold wrap
Setting: First aid, Physiotherapy

Bandage Series (Continued)

Explore bandages for dressing retention, light support, first aid and orthopaedic care. Available widths, roll lengths, materials and packaging are confirmed with your enquiry.

Type H Hemostatic Bandage

Type H hemostatic bandage.

Key points: Hemostatic type H
Setting: Emergency, Theatre packs

Orthopedics Cast Padding

Cast padding under plaster or synthetic cast.

Sizes: 5 cm × 2.7 m, 7.5 cm × 2.7 m,
10 cm × 2.7 m
Key points: Under-cast padding • 2.7
m rolls
Setting: Orthopedics

Stockinette

Stockinette tube for under-cast or dressing.

Key points: Tubular knit
Setting: Orthopedics, Wards

High Polymer Splint

High polymer splint for temporary immobilisation.

Key points: Polymer splint
Setting: Emergency, Orthopedics

Casting Tape

Synthetic casting tape in roll form.

Key points: Roll format • Synthetic
cast tape
Setting: Orthopedics

Bandage Series (Continued)

Explore bandages for dressing retention, light support, first aid and orthopaedic care. Available widths, roll lengths, materials and packaging are confirmed with your enquiry.

Plaster of Paris Bandage

Plaster of Paris bandage for traditional casts.

Key points: Plaster impregnated gauze
Setting: Orthopedics

Adjustable Neck Brace

Adjustable cervical collar.

Key points: Adjustable collar
Setting: Emergency, Outpatient

Disposable Medical Tourniquet

Single-use medical tourniquet.

Key points: Single use
Setting: Labs, Wards

ENQUIRIES & QUOTATIONS

Request a Quotation for Your Facility

“Tell us which products you need, the quantities required and your delivery destination. Our team will review the available options and prepare a quotation based on your requirements.”

For project tenders or multi-department requirements, send your complete equipment list or specification schedule for a coordinated review.

HOW WE SUPPORT YOUR PURCHASE

01

Submit Your List

Share required product names, models, quantities and your destination port or city.

02

Technical Review

We verify configurations, voltages, accessories, packaging and compliance documentation.

03

Commercial Offer

Receive a formal quotation detailing pricing, estimated lead times and payment terms.

04

Coordinated Supply

Orders are packed for international transport with verified export documentation.
